All specifications are based on average values and may deviate. The values are for guidance and not contractual. Subject to technical modifications.

The straight weft is not an inherent condition. Weaving technology features colour effects because of light, making it an exclusive and unique product. Also bicolour yarns create a randomly harmonious effect. These effects are no ground for claims.

Some of the test and certifications present in this TDS can be found under the name Fitnice Floor

Wicker Terroir and Wicker Tarmac are not included in the ACOUSTIC collection. Ask to the sales department the fire reaction and characteristics of Wicker Terroir and Wicker Tarmac in version ACOUSTIC
